PROCORE™ Plus flooring is waterproof and will not be damaged or structurally compromised by normal exposure to surface spills and tracked water/moisture for the life of the product. Excessive subfloor moisture is an ideal breeding ground for mold, mildew, and fungus, which will not harm the PROCORE™ Plus but will contribute to an unhealthy indoor living environment if left unattended. Limitations apply as stated below.

Wear through is defined herein that the wear layer is sufficiently depleted or compromised so that the printed film layer is damaged, altered, or affected from normal use. Stains, fading, scratches, scuffs, and loss of gloss are considered normal use and are not covered under this warranty.

PROCORE™ Plus has a coating, which provides resistance against stains from domestic household pets such as cats and dogs. This applies to feces, urine, or vomit introduced to the surface of the flooring by the pet only; human stains are not covered. Scratching and gouging by pets in a deliberate manner are not covered.
